

Principal's Message for the New Nursery (2021-22) Parents

A Big n Warm welcome to all Parents of our New NURSERY 2021-22 in our huge VALLEY VIEW FAMILY.

As you are aware that the schools have not been allowed to begin physical classes for NURSERY till now, due to the pandemic, we have little option but to begin with ONLINE classes for our beginners where class groups will be created by the espective class tchrs with the mob.nos of the parents given in the adm forms so that teaching-learning does not suffer even when our kids are in the safety of their homes.

A brief presentation with instructional details will be forwarded by the Montessori Coordr, Mrs Sunita Pandey very soon which will greatly help all Parents to follow what n how things have to be done. Hope your little ones will find this novel experience of learning at home fun n fruitful.

'Happy learning my chhotus'

Hope to see you in school sometime soon.

Love n blessings

Principal
